Discussion

Discussion questions/topics: Breakout Rooms

- We know that it is a long journey for CBOs to develop their data sharing infrastructure. Let's open up the floor - would anyone like to share their own experiences in data sharing?
- Does anyone have any questions or thoughts on data security?
- As the Contracting workgroup thinks about other topics to cover in future C&C sessions and resources to generate, are there specific topics you would like us to go deeper on in the realm of data sharing and IT? What resources would be most helpful to you?
